

# BOHEMIAN GRAN FONDO

## MAGICAL NUMBER IN 2016

The accompanying social program of the BGF 2016 will be rich. In this year's edition, a part of it will be held in the newly reconstructed and just now opened **complex of monasteries** ([www.klasteryck.cz](http://www.klasteryck.cz)) that is located just above the parking P2, the start of all the BGF courses. Every rider will receive a **voucher for a free individual tour of the expositions** of this newly reconstructed complex throughout the entire BGF weekend.

**A lecture focusing on breast cancer, today's methods of treatment and the consequences** a breast cancer diagnosis has on the life of the patient and his/her family will also be held in the halls of these monasteries on Friday, **September 30th at 6 pm**. A surgeon, an oncologist and a psychologist will be present. There will also be room for questions at the end. This lecture will naturally link the charitable purpose of the BGF with an environment that used to be, in the past, a center for education, knowledge and treatment.

For those who register on Friday, September 30th, 2016 (the registration will be open from 5pm to 9pm), a **free voucher to the monastery cafe**, called the place for relaxation, where the visitors can personally become familiar with the beauty of this newly opened and in the past sacred place, will be given out. This voucher will allow free consumption of coffee/tea and a dessert of choice. And not only that. On Friday, September 30th, 2016, a commented tour of all the expositions of the monasteries is prepared for the participants of the BGF 2016. The number of people is limited to 30 and the reservations will be made possible during the Friday registration.

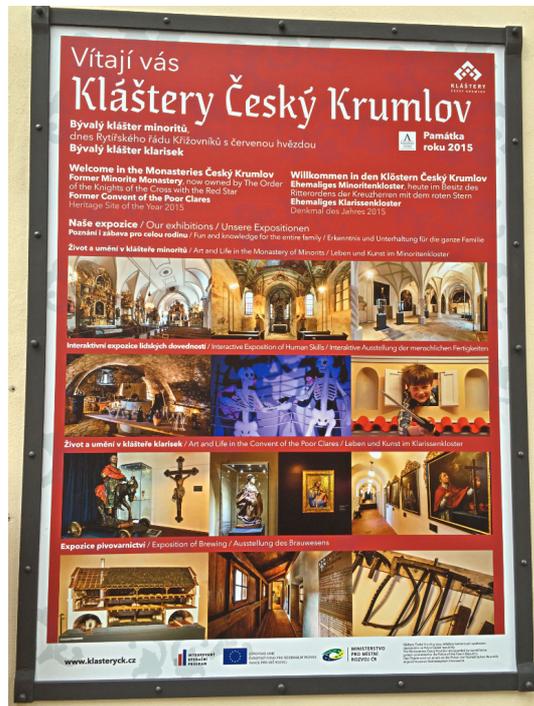

**The studio Seidel** (<http://www.seidel.cz>) is another cultural institution that will open itself to the participants of the BGF 2016. A unique historical photo

archive preserved on glass panes, including all the historical technology and equipment of the photo studio, is at the center point of the museum that finds itself in the original building of the studio Seidel. **A free-entry voucher** will be a part of the starting bag each participants receives upon registration.

A cultural experience with a little bit of adrenaline is expected of the **ride on the wooden rafts** through the historical center of Cesky Krumlov ([www.voroplavba.cz](http://www.voroplavba.cz)). It is not necessary to insist on the cultural side of the experience - the view from the vessel of a city included on the list of UNESCO heritage sites is truly majestic. The adrenaline part of the experience is assured by the passing through of two weirs before the eyes of many spectators. To their heartfelt disappointment, even this ride will end without a dip in the river. The participants of the BGF 2016 will find a **voucher for this unforgettable experience** with a 50% sale, valid until August 31st, 2017, in their starting bags.

And finally, a **ceremonial evening** where all the winners will be announced will be, once again, held in the Brewery Eggenberg that closely neighbors the parking P2, the start of all the rides. After last year's experience, the hall will be reserved for the participants of the BGF 2016. The official start of the evening is fixed at 8pm, but we advise you to come earlier as the number of places is limited.

Once again, the very bib number of the BGF 2016 will allow its tenants to enter many other cultural institutions of the city. The full list of places you can visit can be found at <http://www.bohemiangranfondo.cz/en/magic-number>
